

## Environmental Policy Statement.

As the North West's leading construction company, McGoff & Byrne Ltd recognises its social and corporate responsibility to protect the environment whilst carrying out the full range of its activities. This policy statement demonstrates the desire of our directors and employees to prevent pollution and continuously improve the environmental management of our day to day activities.

### Objectives

The aims of our policy are to:-

- Identify and minimise the risks to the environment from the company's activities.
- Comply with current environmental legislation and, where appropriate, act in anticipation of future requirements.
- Set targets to deliver continuous improvement in the management of environmental issues across our business.

### The Policy

To achieve these objectives we are committed to:-

- Prevent pollution, reduce waste and to maximise the efficient use of materials and energy.
- Use sustainable, reusable or recyclable products.
- Ensure that all wastes, particularly hazardous or contaminated waste, are tested, transported and disposed of in an environmentally acceptable manner in accordance with statutory duty of care requirement.
- Minimise noise levels, traffic nuisances, emission of pollutants and disturbance to the public and local ecosystems, wildlife habitats and preservation of heritage.
- Review our activities and identify issues which could have a significant impact on the environment.
- Minimise the risk of environmental accidents through the formulation and adoption of appropriate risk management procedures and, in conjunction with the appropriate authorities, to maintain an emergency response capability to deal with accidental pollution.
- Encourage our supply chain to comply with this policy.
- Provide the necessary awareness and training to enable staff at all levels to understand and contribute to the implementation of the policy.

The board of directors is responsible for the management of environmental issues and the implementation of this policy, and guarantee that appropriate resources are available.
